7.	Number of participants	Faculty Members: 2 Research Scholars: NIL Students: 53 (II nd Year/BME) + 31 (Final Year/BME) Other College Students: NIL
8.	Objective of the Program	

The main objective is to emphasize the importance of cultivating a comprehensive and unwavering belief system that influences every aspect of a person's life. This concept encourages individuals to align their thoughts, emotions, actions, and decisions in a unified direction toward their goals, creating a powerful mindset that can lead to tangible results.

9.	Description about the Program
----	-------------------------------

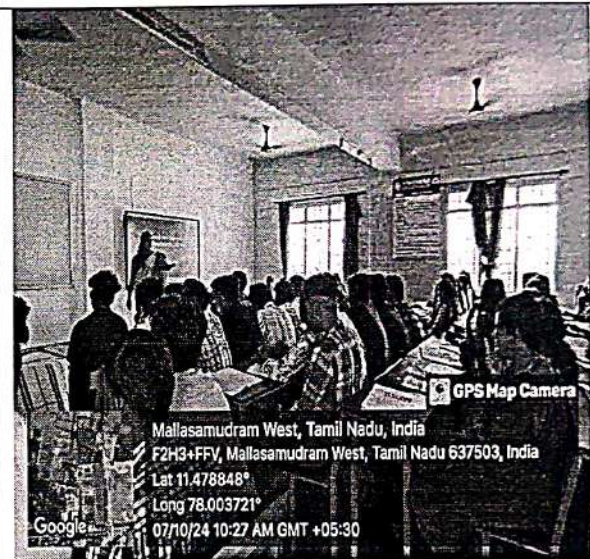

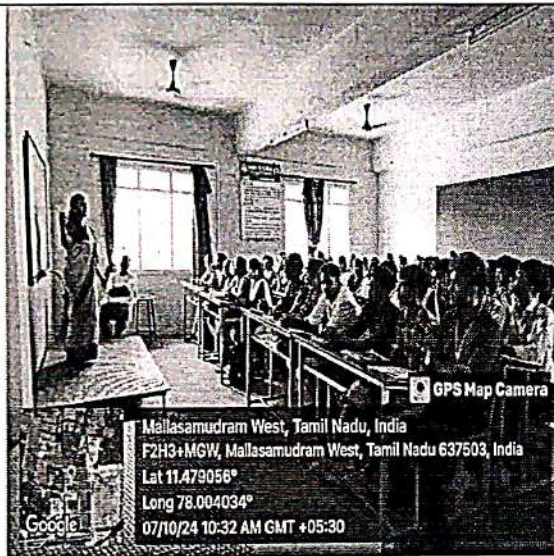

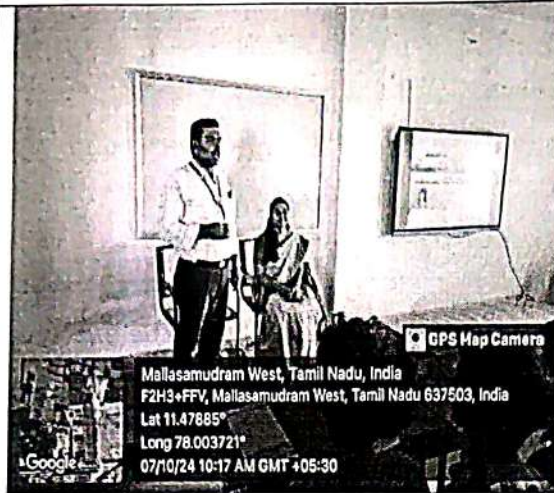

One Day paper presentation named Motivation on **“The power of 360 degree belief: transforming thoughts into reality”**. The Department of Biomedical Engineering conducted One-day guest lecture on 07th October, 2024 (Monday). The welcome address which was given by Dr.M.Prabhu, Head of the Department of Biomedical Engineering. The guest of honor for the inaugural function was **Er. Meena saravanan, Founder and CEO, Lookat educare, Erode**. The session started with motivation and some ideas about how thoughts can create reality with few tips such as “The power of thoughts, The law of attraction, Tips for manifesting”. The students had fun activities as well as to improve listening skills. There were 84 participants from second and final year BME for this event from our institutions. The competition was honored by the Speaker in the presence of Faculties and Students from the department of biomedical. The Seminar aims to familiarize the students with the endless possibilities that inculcate the spirit of innovations and creation of positivity among them.

10. Outcomes of the Program

The One-day Paper presentation named Motivation on **“The power of 360 degree belief: transforming thoughts into reality”** was conducted to create a forum to discuss and experience the theory of manifestation suggests that focusing on a goal with thoughts, feelings, and actions can bring about the desired outcome. To gain expertise on the topics & therefore enhance their knowledge & learning with different ideas of visualizing your goals.
